A fundraiser to purchase a wheelchair-accessible home for Dillon and Tyler Peters will be held on February 19, 2011.

Dillon (7 1/2) and Tyler (5) have Duchenne Muscular Dystrophy. It is a terminal illness that will claim both of their lives. Their mother's (Melissa) apartment has become too small to house all the cumbersome equipment. Because Dillon is now completely wheelchair bound, Melissa has needed to obtain a Hoyer lift and a stander. They also have a scooter that will be used by Tyler as his condition worsens.

They have found a handicap-accessible home built by a man who has recently updated it for his father who was in a wheelchair before he died. The fundraiser is being held to try to obtain funds for a down payment for this home so Melissa can buy it. The landlord has been kind enough to allow her to lease-to-own for one year and if the funds are not raised, she will be forced to relocate yet again. Thanks for your contribution to this very worthy cause.

Sgt. Peffer's will cater the event in the school cafeteria. Please consider opening your hearts for this worthy cause.
